Finance and Risk Management – Chairman Breach had nothing to report.

Certificate of Deposit – Manager McGann called Council’s attention to one of the Borough’s CD’s which will mature in August and asked that they begin thinking about its disposition. Action is planned for the August Committee meetings, so the August Council meeting will be recessed to the call of the chair.

Parks and Recreation

Council reviewed Chairman Boyer’s written report below:

Property Maintenance Inspection Services – Commonwealth Code Inspection Service, Inc. is well into the process of drafting a contract. With the July 4th holiday there was not enough time to have it completed and reviewed. Cl’m Boyer would like to do this at the July 26th Committee meetings. Also, he requests to hold Borough Resolution No. 17-14 until then. Is Council willing and able to recess to the Call of the Chair to be able to take action on both the contract and the resolution at the Committee meetings? Cl’m Boyer would rather not wait until the August Council meeting so that we can have Commonwealth on board two weeks sooner.

River Front Clean-Up – We received Grosser’s invoice for $1,540. We have $3,500 budgeted. Brent is asking permission to use the excess money in this line item to do additional clean-up at the MYO compost site, provided the river front doesn’t need a second clean-up. The money would be held in reserve until the end of September because he noted that there are more boaters due to Halifax’s boat launch being closed.
**MYO Renovation Project** – YSM is working on our proposal.

Design elements by order of priority:
- Construction of the bandstand/pavilion/wedding pavilion with some type of removable shade
- Walking paths to interconnect with all different elements in the Park and parking area
- Children’s play area, but a reduced scope
- Concrete pads under existing pavilions and fenced plaza area/butterfly garden area at old canal house wall
- YSM and Brent do not believe that there will be money left over for the restrooms. We can still seek grants for the restroom modifications at another time.

This gives YSM a more defined scope to enable them to provide their proposal and gives DCNR a refined scope. This is just to get things moving forward and can be discussed. END OF WRITTEN REPORT.

**Tree Trimming at Riverfront Park** – Cl’im Wolfe reported that she received a complaint about dead limbs in trees north of the ferry boat landing. Council directed Manager McGann to add this trimming to the list of work previously compiled, to obtain estimates from various tree trimmers for review at the July Committee meetings.

**Grosser Excavating, Inc. Invoice** – Council reviewed invoice for clean-up of the river front for $1,540. Motion by Cl’im Breach, seconded by Cl’im Ibberson to approve paying the invoice. Motion carried with yes votes from Cl’ims Breach, Dietz, Ibberson, Paden and Wolfe.

Motion by Cl’im Breach, seconded by Cl’im Ibberson to approve Maynard Kratzer to serve on the Master Parks Local Study Committee. Motion carried. Prior to the vote, Manager McGann noted that due to the Study Committee being advisory in nature, Solicitor Kerwin gave his consent for Mr. Kratzer to serve in this capacity, even though Borough Code states that a member of the Millersburg Civil Service Commission may not hold another appointed position.

**Semi-Pro Football League Practice** – Due to the Rotary Club’s event on August 26th, Manager McGann questioned whether or not the group would be permitted to practice on the ball field and President Dietz said there would be no conflict.

The ordinance will go to DEP after Council finalizes the draft. Solicitor Kerwin’s comment questioned business use being covered as well as residential. President Dietz would like to see financial compensation to the property owner/s as part of remediation and suggested Reliance Environmental be contacted regarding this. Alternately, Dietz asked if DEP could incorporate this into their evaluation of the review packet.
**Streets**

President Dietz called an executive session at 8:05PM to discuss on-going legal issues. The meeting was called back into regular session at 8:55PM. During the executive session, Solicitor reviewed with Council the status of the on-going litigation involving Powell, Rogers & Speaks. Part of the case has been settled - that which involves Shaffer & Engle Law Office and the executor of the estate of Allen Shaffer, Susquehanna Bank Trust Department, now BB&T Bank. Based upon prior discussions, a settlement agreement was prepared for all involved municipalities and school districts, and Solicitor Kerwin recommended that the proposed Settlement Agreement and Mutual Release prepared by Plaintiff’s Counsel with Defendants being Allen Shaffer’s estate and Shaffer & Engle Law Office be signed by President Dietz, in the best interest of the citizens of Millersburg Borough.
