PSAB Resolution – Senate Bill 101 would require PennDOT to maintain storm sewer structures on state highways in Boroughs of fewer than 2,500 people. Once submitted to PSAB and adopted at the annual meeting, they would lobby for the state legislature to pass it. Council requested that Rep. Helm work towards this goal and she offered to speak with the Transportation Committee Chairman. She also requested a copy of the resolution once it is drafted and signed. The Council expressed their thanks and Rep. Helm then left the meeting.

President Dietz requested that Mr. Wolochuk provide his comments in writing with the intent of incorporating the public’s comments into feedback to JMT, the plan designer.
