Fire Protection Tax

The Council members, Township supervisors and Fire Company representatives met to discuss the fire protection services contracts for each municipality. Topics included the term length of the respective contracts and the fire protection tax rate. After a lengthy discussion, a consensus was reached with the following rate schedule:

2017: .75 mills
2018: .75 mills
2019: .80 mills

Additional revenue generated from the increase from the 2016 rate of .478 mills is to be deposited into a special fire apparatus fund and use solely for the purchase of vehicles and equipment.

Council members will share the proposed fire protection tax rate schedule at the next meeting of the Finance and Risk Management Committee.

There being no further business, the meeting adjourned at 9:15 p.m.

Respectfully Submitted,

Joy E. Breach
