Cl'm Campisi stated that she was working on getting Commissioner Douglas up to visit.

Golf Cart Ordinance – Cl'm Hoffman presented an ordinance to allow golf carts to operate on Borough streets, citing increased access to the business district from the river. Multiple requests have come to the Borough office from campers across the river on the policy for golf carts. The unofficial policy to date has been that they may not cross state highways. Discussion amongst Council members centered around keeping carts off of the walking path at Riverfront and ensuring the whole town would benefit from the ordinance. Manager Whitall was asked to edit the ordinance and return it for further discussion.

Parks

Market Square Park Update – Manager Whitall provided an update on sponsorships. A cutoff date for bricks will need to be looked at to ensure they are placed in the walking path prior to project completion. Council discussed a sponsorship plaque for donations under \$150, but no determination was made on placement or design.

MYP Park Campground - Cl'm Hoke proposed creating a Campground in the southern portion of MYO park that would allow for the storage of campers and potentially tent sites. He indicated that this could be a potential revenue stream for the Borough.

Council suggested that this would fit under the current Nuisance Ordinance and would clarify language. Cl'm Boyer to discuss with the Police Department.

Millersburg Pool – Cl'm Campisi provided an update on operations at the Pool.
