SERVICES AUTHORITY AND AUTHORIZING ADVERTISEMENT OF
A PUBLIC HEARING AND INCORPORATION ORDINANCE.**

WHEREAS, the Upper Dauphin Council of Governments (the “COG”) through its EMS Study Committee (now the Municipal Stakeholder Committee) (the “Committee”) engaged ROBB Consulting, LLC (the “Consultant”) to perform an assessment (the “Assessment”) of emergency medical services in Northern Dauphin County and to make recommendations for improving the delivery of EMS serving members of the COG;

WHEREAS, one of the recommendations of the Assessment is for COG members to jointly organize an authority under the Pennsylvania Municipality Authorities Act (the “Authorities Act”) for the purpose of administering emergency medical services on behalf of the participating municipalities (a “Joint Authority”);

WHEREAS, the Committee, in consultation with the Consultant and related legal counsel, has determined that incorporating a Joint Authority as a conduit to deliver EMS to participating COG members constitutes the most practical and economical pathway for delivering EMS in Northern Dauphin County on a long-term, sustainable basis;

WHEREAS, the Committee has requested that this Borough signify its support for the continued work of the Committee to plan and propose for implementation a Joint Authority for the conduit delivery of EMS to participating COG members, and to authorize advertisement of a public hearing required under the Authorities Act and proposed enactment of an incorporation ordinance; and

WHEREAS, the Council of this Borough hereby resolves as follows:

SECTION 1. The Council of this Borough recognizes the valuable contributions of the Committee to date and signifies its support for the continued work of the Committee to plan and propose for implementation a Joint Authority for the conduit delivery of EMS to this Borough and other participating COG members.

SECTION 2. The Council of this Borough hereby authorizes advertisement of a public hearing regarding incorporation of the Joint Authority and preparation and advertisement of an ordinance authorizing incorporation of the Joint Authority to be considered for enactment by the Borough, at such time as this Borough and the Committee shall mutually determine.
